

## PAC Meeting Minutes – January 17, 2018

In attendance:

Jen, Caitlyn, Nancy, Chantel, Hilary, Brayden

### **Financial:**

We are doing well!

Our gaming account is at \$1,890.

Our Operating account is at \$1,591.

Our holiday fundraising came in at \$700!

The money is now going to buy:

- the speaker system for the school est.\$699
- gaming money will go to field trips
- \$500 est. towards an electric fence.

### **Fundraising:**

-Planning another Neufeld Meats

-Planning for a movie night in February.

-Still working on an idea around Mothers Day... possibly through a company that creates tea towels from a collection of drawings that we have the children do.

-Idea for a book fair was discussed but not established yet.

-Cookbook idea didn't get a lot of feedback from the community, so we will propose the idea to the new leadership team.

### **New exciting things happening in the school:**

-A Leadership Team has been created.

Twice a week they will be involved with the younger kids.

They've been approved to take on the hot lunches, and if they are interested in taking on a project like the cookbook, then the money they raise will be their own account for future projects.

They are currently working on a Valentine's Day dance... one during the day for cultural journeys, one at night for Learning Expeditions

**New teachers to the school:**

Brodie Robbins

Matthew Van Oostdam

Daniel Rapoport

New teachers have experience in agricultural science and are keen to help with the schools upcoming project!

**Project X:**

An agricultural project being set up at our school.

School district has approved us to have bees on site, and will provide fencing. PAC will supply the additional electric fence requirement.

The bees and hives and educational support are being donated by Chris Plate, local BC Parks area supervisor.

Helping Hands wants to be involved and have garden beds and greenhouse, growing veg for the community.

Soil has already been donated and wood from Rona a possible donation.

**School Learning Plan:**

Will be taking place on Wednesday, January 24th, hosting district members for a tour of our school, our vision and goals to always grow and improve.

Full Data regarding our school learning plan, our vision and statistics, can now be found on our website (? Confirm with Brayden)

**Teacherage**

-talks are also being had about leasing the old tacherage for a daycare, provided they pay for the renovation to make it functional again.
